MESSAGE BY COURSE DIRECTOR

The study of Economics plays an important role throughout the life as the economic issues are drawing the attention of every citizen. The learning of Economics acquaints the students to participate effectively in economic and social affairs and to take intelligent decision in day to day life. At the same time democratic system which we have adopted will succeed if we win the race on economic fronts.

A workshop on preparing module on difficult areas in economic for class 12th for PGT (economic) was organized from 27th august -31st august 2018. The aim of the workshop is to look into teaching learning process from the learner's angle. An attempt has been made by the resource person and participants to enhance learning economics by correlating it with real life situation and by using other techniques for class XI and XII.

During the workshop deliberation and discussions are held for content enrichment, identified diversities among the students and handouts work prepared to strengthen learning among the students. Some flavors shave also been added in the course by including content on preparing projects on economics.

I hope that the self learning module prepared in the workshop will definitely enhance the quality and technique in its full glory.

Mrs. Piya Thakur D.C. & Director Z.I.E.T., Chandigarh
